

Stability:

Wine should encounter little or no vibration before serving, since movement can have a negative effect on the quality of the wine. The Waring Pro® Wine Chiller/Warmer operates without the use of a compressor, eliminating vibration and noise.

Design:

The Waring Pro® Wine Chiller/Warmer has a streamlined, modular body that coordinates with any home décor and makes for a great gift idea.

Nuts & Bolts:

Everyday Retail Price:	\$99.95
Availability:	Immediately
Warranty:	Limited five-year motor Limited one-year product

About Waring:

*Waring, universally known for introducing the first blender in America, is one of today's leading manufacturers of professional quality appliances for the home, foodservice and laboratory industries. The company manufactures culinary appliances in two product segments: **Waring Pro™**, a line of professional quality consumer products that includes everything from blenders, juice extractors, citrus juicers and drink mixers to toasters, food slicers and convection ovens, and the **Commercial Division**, which includes high-speed, high-volume food processors and blenders. Waring was established in 1937 when Fred Waring, a popular entertainer, introduced the blender (then called the "Miracle Mixer") at the National Restaurant Show in Chicago. Waring was acquired in 1998 by Conair Corporation, which also owns Cuisinart. Waring's website is www.waringproducts.com.*
